Open-Ended Responses

- The following slide is a representation of MAPJ supporters' responses to the question of what we should focus on.
- It is a “word cloud” created on wordle.com
- The size of the font is determined by the frequency of the word – so the larger words were the most commonly used.

Here are some broad issue categories MAPJ has worked on in the past. Please check the box in front of any category you'd would like to see MAPJ focus on (we understand that some of these may overlap -- this is not intended as an exhaustive list of possibilities).
